

User Instructions for the Universal Drift Punch

Issue 1

1.0 GENERAL INFORMATION

The Universal Drift Punch is used to remove the cross pin that retains the trigger group to the receiver in virtually all semi-automatic and pump long guns. The 3/16" solid brass shaft protects your firearm.

2.0 RESELLERS

We recommend using our Resellers when ordering our products. Their experience and knowledge will help you select the best products that meet your specific requirements. In addition, they usually offer the best prices and convenient delivery options.

To find a Reseller, go to forsterproducts.com, then click on **Locate a Reseller**. If your Reseller cannot supply you, please contact Forster Products directly.

WARRANTY

All Forster Products are warranted against defects in materials and workmanship for the life of the product. Parts which, by nature of their function, are subject to normal wear (such as springs, pins, etc.) and parts which have been altered, abused or neglected, are excluded from the warranty. If the product is deemed defective by workmanship or materials, it will be repaired, reconditioned or replaced (at Forster's option). This warranty supersedes all other warranties for Forster Products whether written or oral.
